

**Muntadher Abdul Ameer Hassan Ali**

Bahraini 21<sup>th</sup> September, 1995

Tel: +973 39483911 Email: muntadehr7@hotmail.com

Villa:1582 Road:1446 Block:814 Isa Town

---

### **CAREER OBJECTIVE**

To make good use of my knowledge area of Mechanical Engineering, creative, teamwork and leadership abilities for the achievements of set goals in a professional organization.

### **ACADEMIC QUALIFICATION**

<b>2019</b>	Bachelor of Mechanical Engineering, ( <b>University of Bahrain</b> )
<b>2018</b>	Certificate of NEST Safety Training, ( <b>Schlumberger Safe</b> )
<b>2018</b>	Certificate of SIPP Safety Training, ( <b>Schlumberger Safe</b> )
<b>2018</b>	Certificate of H <sub>2</sub> S Safety Training, ( <b>Schlumberger Safe</b> )
<b>2013</b>	Isa Town Secondary School "Science"
<b>2008</b>	British Cultural & Educational Center

---

### **AS A MECHANICAL ENGINEER**

Increase productivity, quality and profitability through out data analysis and process design. Significantly improve operations and provide efficient resolution of production issues. Eliminate waste of time, money, materials, man-hours, machine time and other resources. Good at Microsoft office, auto-cad, C++ program.

### **ACADEMIC PROFICIENCY**

- Certified in Mechanical AUTO-CAD & Inventor program.
- In depth knowledge in Thermodynamics and their applications.
- Strong knowledge in Material Science, Strength "Mechanics" of Material and statics.
- High knowledge in Dynamics and design of linkages (Mechanisms) "Kinematics and Dynamics of Machines".
- Excellent knowledge in Modern Manufacturing and Workshop Processes.
- In depth knowledge in Fluid Mechanics.
- Strong knowledge in computer application in mechanical engineering using MATLAB and EES programs.
- Excellent knowledge in Engineering Economics.
- Good knowledge in the electrical DC and AC circuits.
- Excellent in communication, presentation and reporting.
- Good experience and knowledge about welding.
- Competent in science of lubrication, friction and design of bearings.

---

### **SUMMER INTRENSHIP**

**1<sup>st</sup> July 2016 – 1<sup>st</sup> September 2016,**

**Bahrain Aluminum Company ALBA**

Worked at the WORKSHOP and ENGINEERING Departments in the Mechanical Engineering Section as a trainee in order to complete my Bachelors.

ALBA WORKSHOP is provides services and the maintenance works depends on the trucks condition. Some of the trucks that arrive to the workshop need a lot of work and maintenance. Mechanical, electrical, control instruments and body work. While other need some maintenance.

Gone through some Plant visits to understand main operations of each different Plant such as Reduction Area, Power, Roding and others.

**1<sup>st</sup> July 2018 – 1<sup>st</sup> September 2018,**

**Schlumberger BOSB**

Worked at the Service Wire Line SWL and Well Services Departments in the Engineering Section as a trainee in order to developing my Bachelors.

Service Wire Line SWL it's usually refers to a cabling technology used by operators of oil and gas wells to lower equipment or measurement devices into the well for the purposes of well intervention, reservoir evaluation, and pipe recovery.

---

### **EXPERIENCE**

**28<sup>st</sup> June 2018 – 18<sup>st</sup> September 2018,**

**IKEA**

Worked as a Co-worker in food and beverage section. Skilled in providing excellent customer services. By that my communication skills are improved.

**1<sup>st</sup> October 2016 – 1<sup>st</sup> April 2019,**

**Bahrain International Circuit**

Working as a track marshal in Bahrain international circuit. Marshalling lets me involved in a real life and ability to work in highly demanding environment. Therefore, developed my experience.
