

Mostafa Bauomi

SALES Representative

WHY ME

After Greetings....

I think I am suitable for that task and I give it the title of task and not the job because it is like a big game Enjoy the completion of its task first one after another

I believe that I have the best experience to deal with all these tasks and to connect with the markets, customers and all the data as fast as possible, which will only speed up the process of distribution and spread.

EDUCATION

I am here for the benefit and diligence in the work I want to benefit from your experiences and you also benefit from my experiences. So our interests are shared and I am here to make a difference in this place I am from him and it is me if it becomes better I will also.

Thank you for reading and interest...
